

Splicing efficiency and poly(A) tail length/site

 Daniel R. Larson  Murali Palangat

Updated date: Nov 7, 2020

 An abbreviated version of this protocol was published in eLIFE in Oct 2014
 Kinetic competition during the transcription cycle results in stochastic RNA processing
 DOI: 10.7554/eLife.03939

Detailed protocol

Per your request we have attached the protocol as a pdf document.
